

Establishing Pharmaceutical Manufacturing, Packaging, and Storage Facilities

The Government of Maldives invites investors to contribute to the growth of the pharmaceutical sector by establishing manufacturing, packaging, and storage facilities in the Maldives. This initiative aims to ensure sustainable access to quality medicine at affordable prices while reducing government expenditure on pharmaceutical imports.

Establishing Pharmaceutical Manufacturing, Packaging, and Storage Facilities

Objectives:

- Ensure the sustainable supply of quality medicines at an affordable price.
- Reduce government expenditure on pharmaceutical imports.

Scope:

- Pharmaceutical manufacturing
- Re-packaging
- Storage of finished pharmaceutical products
- Pharmaceutical contract manufacturing

Potential Incentives:

- First mover advantage as no pharmaceutical manufacturing or similar investments currently exist in the Maldives.
- The Maldives is 100% reliant on pharmaceutical imports, providing an untapped market for local manufacturing.
- Potential to avail benefits under the SEZ regime.

Envisaged Investment: Investors to propose.

Timeline: Investors to propose.

Focal Agency: Ministry of Health

For Submissions:

- Investors to submit proposals to bureau@health.gov.mv, piir@health.gov.mv, and mtg@health.gov.mv
