# The Maldives Sustainable Financing Initiative

## Objectives:

- Attract international investment in sustainable projects through the Private Market Platform - Viyana.
- Strengthen the capital market by offering regulated, transparent investment opportunities aligned with ESG (environmental, social, governance) goals.
- Position the Maldives as a leader in sustainable finance in the region.

## Scope:

- Facilitate private investments in high-priority sustainable sectors such as renewable energy, climate adaptation infrastructure, and social projects (education, healthcare, affordable housing).
- Develop financing solutions, including green/blue bonds and public-private partnerships.
- Create a transparent, regulated environment to foster investor confidence and participation in the sustainable finance ecosystem.

## Potential Incentives:

- Access to high-impact, high-growth sectors.
- Clear regulatory frameworks offering investor security and protection.
- Long-term returns driven by sustainable development priorities.
- Opportunities for partnerships and public-private collaborations.

**Envisaged Investment:** No investment thresholds apply. Investors are to determine based on the scope of individual projects.

**Timeline:** To be completed within 1 year of project initiation

**Focal Agency:** Maldives Stock Exchange Company Pvt Ltd (MSE)

## For Submissions:

- Investors may approach the Government through the private sector-initiated proposals regime or approach MSE directly.
- Investor registrations and investment opportunities can be accessed via [Viyana \[https://viyana.mv\]](https://viyana.mv).
