

Sustainable Animal Husbandry for Meat and Dairy Production

The Government of Maldives invites investors to contribute to the growth of sustainable animal husbandry by investing in projects aimed at enhancing local meat and dairy production, ensuring food security, and reducing dependency on imports.

Establishment of Animal Feed Mills

Objectives:

- Increase access to fresh and healthy meat (particularly goat) and dairy products.
- Establish sustainable farming systems for livestock.
- Reduce reliance on imported meat and dairy products.

Scope:

- Establish farms for livestock rearing, particularly goats, to supply local and regional markets, including the tourism industry.

Potential Incentives:

- Tax benefits and commercial incentives aligned with government priorities in food security and animal welfare.

Envisaged Investment: Investors to propose
