

Establishment of Medical School with a Teaching Hospital

The Government of Maldives invites investors to participate in the establishment of a Medical School with an on-campus Teaching Hospital, aimed at enhancing the healthcare workforce and reducing dependency on external hospitals. This project provides significant opportunities for sustainable educational and healthcare services.

Establishment of Medical School with a Teaching Hospital

Objectives:

- To overcome space limitations, increase student intake, and improve training opportunities by providing on-campus clinical facilities.

Scope:

- Construction of a dedicated School of Medicine and Teaching Hospital, equipped with modern medical and training facilities.
- The project will also establish a financial partnership for sustainable operations.

Potential Incentives:

- Strategic location in Hulhumalé Phase 2, a rapidly developing area.
- Dual revenue streams from education and healthcare services.
- First-mover advantage in a growing urban zone and long-term asset appreciation.

Envisaged Investment: Investors to propose a financial model

Timeline: 720 days

Focal Agency: Maldives National University

For Submissions:

- Submissions can be made through the Private Sector Initiated Proposals (PSIP) regime, Special Economic Zones (SEZ), or other relevant channels.
- For more information: secretariat@mnu.edu.mv or projects@mnu.edu.mv.
