The Maldives Sustainable Finance Initiative

Access ESG-Aligned Investment Opportunities

THE MALDIVES SUSTAINABLE FINANCE INITIATIVE

Access ESG-Aligned Investment Opportunities

The Government of Maldives, in partnership with the Maldives Stock Exchange (MSE), invites investors access to a comprehensive sustainable finance ecosystem through the Private Market Platform - Viyana. This established initiative provides available investment opportunities across renewable energy, climate resilience, and social infrastructure sectors.

Available Investment Opportunities

Viyana Private Market Platform provides access to active investment opportunities across multiple sectors:

- 1. Renewable Energy Projects Available**
 - a. Solar, wind, and hybrid energy infrastructure developments ready for investment
 - b. Grid modernization and energy storage solutions seeking funding
 - c. Distributed energy systems for resort and community applications now available
- 2. Climate Adaptation Infrastructure Options**
 - a. Coastal protection and sea-level rise mitigation projects available for funding
 - b. Resilient infrastructure development opportunities for critical facilities
 - c. Climate-smart urban planning and development initiatives seeking investment
- 3. Social Development Projects Open**
 - a. Healthcare facility development and modernization opportunities available
 - b. Educational infrastructure and technology integration projects seeking funding
 - c. Affordable housing and community development programs open for investment
- 4. Financing Solutions Currently Available**
 - a. Green and blue bond opportunities for marine and environmental projects
 - b. Structured public-private partnership options now available
 - c. Impact investment vehicles with measurable outcomes ready for participation

Investment Framework

- **Flexible Capital Deployment:** No minimum investment thresholds - allowing investors to scale participation based on portfolio strategy and risk appetite
- **Streamlined Access:** Digital platform integration through Viyana enables efficient due diligence, investment processing, and ongoing portfolio management
- **Accelerated Timeline:** Projects designed for completion within 12 months of initiation, providing relatively quick deployment and return realization
- **Multiple Entry Points:** Investors can engage through government-initiated opportunities or propose private sector-led projects through established regulatory channels

Why Invest in the Maldives?

Access Premium ESG Investment Opportunities in a Growing Market

- 1. High-Impact Sectors Now Available**

Direct access to active projects addressing climate change, social development, and sustainable growth - sectors currently experiencing unprecedented global capital flows and investor interest.
- 2. Established Regulatory Framework**

Investments operate within proven regulatory structures offering institutional-grade investor protection, transparent reporting standards, and clear governance through MSE oversight.
- 3. Regional Leadership Position Available**

The Maldives has established itself as a sustainable finance hub for Small Island Developing States, offering investors access to proven opportunities in this emerging market category.
- 4. Available Diversified Return Profiles**

Current portfolio opportunities spanning infrastructure, social impact, and environmental projects provide multiple return streams while meeting ESG investment mandates.
- 5. Active Public-Private Partnership Options**

Available collaboration opportunities with government agencies ensure policy alignment, regulatory support, and long-term project viability with public sector backing for enhanced investment security.
- 6. Platform Access & Engagement**

Viyana Private Market Platform: <https://viyana.mv>

 - Investor registration and opportunity access
 - Project pipeline visibility and due diligence materials
 - Investment processing and portfolio management tools

How to Engage

Investors may approach the Government through the private sector-initiated proposals regime or approach MSE directly. Investor registrations and investment opportunities can be accessed via Viyana.
